미미다방

A Gentle Invitation to the Cozy World of Mimi Dabang
In the quiet streets of old Korea, there was a warm,
nostalgic place called the 'Dabang'
Where time slowed down and stories were shared over sweet tea.
We prepare our traditional sweet rice punch (Shikhye) with patient care,
wishing to bring a small, sweet smile to your busy day.

MAY WE OFFER YOU A CUP OF COZY HAPPINESS?

Patiently Brewed,
Wholeheartedly Loved

미미다방

Traditional manufacturing way patent accquired-digest enzymes can packed in gift box.

Fits right in your pocket!

❶ OUR SWEET LITTLE RICE FRIEND

Say hello to our adorable rice grain character on the pack!
Inside this lovely design lies the cozy warmth of traditional Korean hospitality,
waiting to bring a tiny smile to your day.

❷ THE 6-HOUR GOLDEN RULE

We do not believe in artificial rush.
We gently stick to the traditional method, slowly saccharifying the rice for over 6 hours.
By using real malted barley instead of instant malt extracts, we brew a naturally deep, premium sweetness that cannot be replicated by modern shortcuts.

❸ RICH IN NATURAL ENZYMES

Our patient brewing process naturally concentrates the liquid, preserving active, healthy digestive enzymes.
It is incredibly gentle on the stomach and beautifully refreshing—the true definition of a wholesome dessert.
