EverGreen

Evergreen Group is a family-owned **gourmet food company** founded **in 2007** and headquartered in New Jersey. Rooted in Mediterranean tradition and driven by innovation, we create specialty foods and modern snacks that feel both timeless and unexpected.

With offices around the world and vertically integrated manufacturing in Turkey, **Evergreen curates and produces a diverse portfolio of gourmet products—from specialty oils, salts, and vinegars to artisanal snacks and confections.** As a direct manufacturer, we oversee every step of the process, ensuring consistent quality, competitive pricing, and reliable supply.

Our products are available under Evergreen's own brands or as **private label solutions**, giving retail partners the flexibility to build distinctive assortments while maintaining full confidence in sourcing and production.

In 2021, Evergreen introduced its most innovative product to date: **Just The Fun Part® Mini Waffle Cones.** Designed to transcend traditional gourmet categories, these bite-sized treats are available in an expansive range of **flavors and fillings—from hazelnut and marshmallow to Dubai chocolate and peanut butter & jelly—offering something** for every sweet occasion.

At Evergreen, we believe great products are only part of the equation. Long-term partnerships, trust, and shared growth are central to everything we do. Today, Evergreen products are enjoyed worldwide, helping customers rediscover their passion for gourmet food through enduring craftsmanship and thoughtful innovation.

SPECIALTY OILS

Crafted from carefully selected olives and seeds, Evergreen's specialty oils deliver clean flavor, balanced profiles, and consistent performance. Produced under strict quality controls, our oils elevate everyday cooking while meeting the volume, pricing, and reliability demands of retail and foodservice partners alike.

Just the Fun Part

Everyone remembers the best bite of an ice cream cone — that chocolate-filled tip at the bottom.

In 2021, we asked a simple question:
What if that was the whole snack?

So we made it.

Just The Fun Part turns that iconic bite into a perfectly crunchy, chocolate-filled treat you can enjoy anytime. No melting. No waiting. Just the fun part.

What started as a nostalgic idea quickly became a favorite. From classic flavors like milk, white, and dark chocolate to playful creations like PB&J, pistachio cream, s'mores, and popping candy — the experience keeps evolving.

Behind the fun is serious craftsmanship. All our products are **developed and produced in our own 150,000 sq ft, state-of-the-art facility in Izmir, Turkey,** where we've scaled production to meet growing global demand — backed by decades of confectionery expertise and premium ingredients.

Enjoy them your way — straight from the bag, on ice cream, or as a dessert topping.

Because now, the best bite isn't saved for last.
It's the whole snack.

Welcome to Just The Fun Part.
