OUR STORY

Established in 2016 in Amman, Jordan, Chocolate Lake Co. began as a privately held company committed to manufacturing premium quality chocolate that meets both the market and manufacturers' needs. Driven by improvement and innovation, they were able to expand our offerings.

Today, Chocolate Lake Co. proudly offers over 800 SKUs, which we have been discussing separately. These include fillings, decorations, sauces, and more. Catering to both the food industry and wholesale sectors, the company now holds the largest share in the Arab and Gulf regions. Furthermore, our ISO 9001, ISO 22000, HACCP, and HALAL certifications ensure the highest standards of quality and safety.

VISION AND MISSION

Though we are a thriving young company with a strong reputation, we believe that Chocolate Lake Company plays an important role in shaping the future of the food industry. Our products are renowned across Jordan for their quality and value, balancing the best in the market. Our mission is to deliver Chocolate Lake Company products and services to the Arab region and beyond.

- Provide premium products at suitable prices.
- Continuously serve and deliver more.
- Foster innovation.
- Support our clients in providing the best for their customers.
- Establish ourselves as leaders in our field.

OUR SERVICES

At Chocolate Lake Company, we aim to build strong partnerships with our clients by working together as a team. Our strength lies in the technical support and logistic services we provide. What makes our service exceptional includes workshops, training, market analysis, consultation, private labeling, and tailor-made products to meet our clients' needs.

In today's rapidly evolving market, our R&D, sales, and culinary teams collaborate closely to understand and anticipate market advancements and meet our customers' needs. We currently serve the Arab market with the largest production capacity in the region. Our products cater to various sectors of the food industry, including restaurants, cafes, bakeries, and hotels.
