HouDeXiang Raw Sunflower Seeds Catalogue

About Us

HouDeXiang is a professional and reliable supplier of raw sunflower seeds from Inner Mongolia, China. Benefiting from unique geographical advantages, sufficient sunshine and large temperature difference, our sunflower seeds feature full grains, bright appearance and stable quality.

We specialize in planting, processing and exporting various types of raw sunflower seeds. All products are strictly cleaned, winnowed, color-sorted and manually selected. We guarantee low impurity rate, low broken rate and stable moisture content.

Our main markets cover the Middle East, Turkey, North Africa and Central Asia. We provide stable supply, competitive price, professional export documents and customized packaging services. Welcome global buyers for inquiry, sample testing and long-term cooperation.
